

comac cube

CA Cube: compact and powerful industrial vacuum cleaners

The CA Cube range consists of three models of industrial vacuums able to offer maximum performance in minimum space. They are powerful but compact, easy to handle and to move. The wet and dry industrial vacuum cleaners from the CA Cube range stand out for offering high performance while maintaining an excellent quality - price ratio.

CA Cube 20 is equipped with a tangential motor with two-stage tapered fan to offer a high suction capacity and duration of over 1500 hours. The coaxial turbine with induction motor installed in the CA Cube 30 and CA Cube 40 models ensures continuous service, great performance and durability.

The CA Cube range of industrial vacuum cleaners is the ideal solution for use in small spaces, both indoors and outdoors, in industrial, artisan, automotive, logistics sectors and warehouses, and large warehouses and large-scale distribution environments.

THE ADVANTAGES OF CA CUBE

- High-efficiency two-stage tangential suction motor designed for extended use.
- The special coaxial turbine with induction motor configuration offers great durability.
- L-Class polyester cylindrical filter as standard.

CA Cube 20
Tank capacity: 77 l
Type: industrial WET&DRY
Suction: motor

CA Cube 30
Tank capacity: 77 l
Type: industrial WET&DRY
Suction: turbine

CA Cube 40
Tank capacity: 77 l
Type: industrial WET&DRY
Suction: turbine

Details that matter

FILTER SHAKER

Manual filter shaker with a practical knob positioned on the tank.

DETACHABLE TANK

To facilitate emptying and transport.

PRESSURE GAUGE

The pressure gauge indicates the saturation level of the filter to signal the need to clean it.

HANDY VACUUM CLEANERS

Large rear wheels.
Front wheels with brakes.

FLOAT

Float mechanism blocks suction when liquid in tank reaches the maximum level.

Filters available in different classes (optional):
Class L
Class M
Class H Hepa with PTFE membrane

Available kits and accessories for CA Cube

	Carwash kit - Ø40 mm		TOP kit - Ø40 mm		Hose: evaflex - Ø40 mm
	Hose: Oregon polyurethane, antistatic, oilproof Ø40 mm		Hose: Oregon - heat resistant -25°C up to 125°C - Ø40 mm		Hose: Steel - Ø40 mm
	Cylindrical filter - polyester, class L		Pre-filter nylon with non-stick surface		Pre-filter polycarbonate with non-stick surface
	Cartridge filter kit - polyester, washable		HEPA cartridge filter - class H14
